

# HIGH TRANSLUCENT AND OPAL PORCELAIN FOR AESTHETIC RESULTS

**CERABIEN™ CZR**  
**Super Porcelain EX-3**

**NEW  
COLORS**

## NEW ADDITIONAL PORCELAIN SHADES FOR CERABIEN™ EX-3 & SUPER PORCELAIN CZR

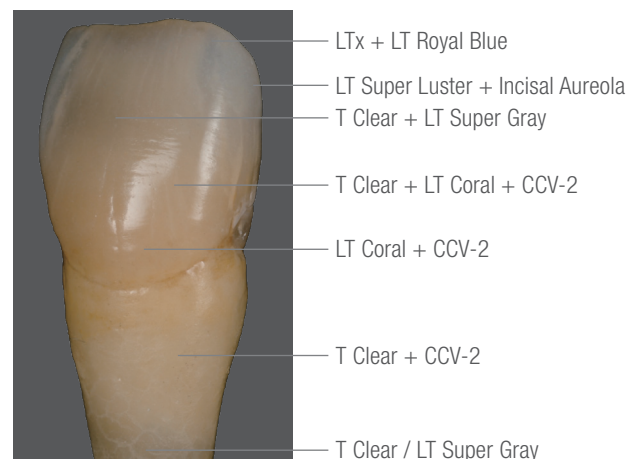

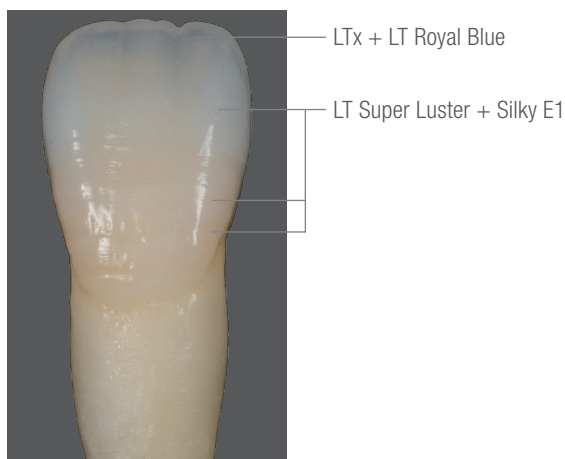

**IT HAS NEVER BEEN EASIER TO ACHIEVE AESTHETIC, NATURAL-LOOKING RESULTS.**

The ultimate aim of any dental technician is to deliver the most durable and natural-looking restorations. Now, thanks to Kuraray Noritake Dental, a company acclaimed worldwide for its innovation and expertise in restorative materials, CERABIEN™ ZR and Noritake Super Porcelain EX-3 are available in an extended range of shades.

The new shades of CERABIEN™ ZR and Noritake Super Porcelain EX-3 are designed to achieve an even more natural, highly aesthetic result for every restoration, due to its enriched opalescence and translucency. The result makes it virtually impossible to distinguish between the restoration and the adjacent natural teeth.

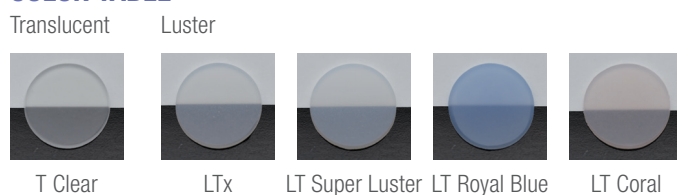

## EXAMPLES OF USE

Fabricated by Naoto Yuasa, RDT
